About This Game

The Heist of the Century Causes Murder & Mystery for the FBI!

New York City has been hit with a series of murders and the body count is piling up. For FBI Agent Nicole Bonnet, finding a lead is becoming impossible, as it seems the victims are all antiquarians and collectors and have no connection with one another.

However, when a retired subway worker is killed, the investigation takes an interesting turn. It seems these murders are somehow linked to what is now known as the Crime of the Century – a bank robbery where the loot was never recovered. The time is short, become Nicole Bonnet, a young female FBI agent and make the connection before another person falls victim.

HOG only, but flat colors and the scene eventually resets if you take too long. Does have tons of hints via pickups. But meh.
